Vikingarna seglade med sina vikingaskepp till fjärran länder över stormande hav.

1. A SHIP LIKE A MONSTER

The Viking warships had fantastic animals and monsters on their prows. Their job was to frighten people and protect the ship.

Draw a monster to the prow of the ship and give the ship a name!

Nagubona är sjöfarare. Det gamla vapnet från Nagu används nuförtiden i hela Pargas område.

2. COLOUR IN

The sails of Vikings were often stripy.

Colour the ship and decorate the sails the way you like!

3. YOU NEVER GUESS...

The rower sat on a wooden box, where he also kept his clothes, weapons and booty. During nights, he slept on the bench.

Can you guess which word derives from the word BENCH?
Hint: Begins with the same letter as bench. Still a storage for valuables. The right answer is on the bottom of the page.

4. FUN WITH THE CAPTAIN

STEERING GAME

One of you is the captain and the others form a line. The captain chooses a nearby destination, where he will steer his ship. The captain can only use commands "Starbord" (right), "Port" (left), "Forward" and "Anchor". Will the ship reach its goal?

WHO OWNS THE SHIP?

The owner of the Viking ship always had to stay in a hooting distance from his ship. If the owner did not turn up after hooting three times, one could take over the ship. That is why Vikings often lifted their ships on land for the night. How far can you hear the hooting of your friend?

5. TOLD BY THE STARS

Vikings navigated with the help of the sun, the moon and the stars. With the help of the Plough, you can easily find the North Star, which always tells you where the north is.

Can you find a sea creature hiding among the stars?
Look for it by drawing a line between the stars 1 – 46.

DID YOU KNOW

The sea was higher during Viking times. At that time, the harbour of Nagu was underwater, the kingdom of algae and fish.

DID YOU KNOW

Olav might have visited Nagu! He plundered in the Finnish coastline when he was 12 and sailed past Finland when he was exiled.

6. COULD YOU BE A VIKING

How many can you do?

- Tie knots

7. A DAY AS A VIKING

Today I am a clever Viking.

I carefully study the sand on the beach, the roots of the pine trees and the holes between the rocks. I collect treasures that are not alive and are no one's own. I bury a treasure and draw the treasure map on the sand. I climb on a boulder and observe the ships passing by. Are they carrying something valuable? Where are they heading? I hide behind a boulder and disguise myself in the sand, tiptoeing around quietly and unnoticed. When I see another Viking, I let out my battle cry!
